DGM(A) welcomed all the officers of management side and representatives of union side. It is also informed that harmonious relationship between management and union representatives of BSNL improves quality of service along with welfare of staff and work together in true spirit for the overall growth of the organization.

PGM in his opening remarks welcomed all the Senior officers of BSNL and representatives from unions. He also extended thanks for maintaining peaceful and cordial atmosphere in HTD meeting with a common objective of improving the service. He also assured that suggestions which are brought to the notice will be implemented with sincerity and dedication. It is stated that this year the competition is extremely high. Companies are getting closed or merged because of reduction of tariff. Data usage is increased in Telangana. Survival itself is necessary with quality of service. Main aim should be one amongst the 4 operators. Without giving quality of service, customer will churn to other operator.

PGM suggested that the following priorities are to be observed by all staff members.

1. To grab the connections of R.com by MNP.
2. Visit retailers and improve the retailer strength by including Mobile shops.
3. Whether the retailers are displaying our tariff boards supplied by CM unit.

It is essential to protect the interest of the customer by extreme dedication. Broadband plans are revised from November 1st 2017. Total existing plans are FTTH-4, BB-7 VDSL-2. BSNL introduced best plans in CFA and mobile segment because BSNL is technical and service company but not a marketing company. CSCs/field units are the strength of BSNL for providing best service with a smile. CFA, CM, EB all will be involved maintenance of network.

GM(HR) stated that management is trying for the welfare of the staff and the constraints are thoroughly investigated and try to rectify for getting proper output. For achieving good revenue during this financial year, majority of the tenders are finalised for cable laying works.

Sri Muthu:
1. Celebrations from the management side viz., BSNL Formation day and other important occasions may kindly be intimated to Unions in future.
2. In some cases, empanelled hospitals are not accepting the patients in odd hours causing inconvenience to patients.
3. List of empanelled hospitals may kindly be given to union representatives.
4. Visit of hospital in case of indoor treatment may be ensured by responsible AGM to avoid long treatment in normal cases.
5. It is requested to post suitable staff in CSCs/field units for smooth functioning.
6. Cable faults are not being rectified and docket are being closed from August 27th in cantonment, Sainikpuri 35 docket closed. Cable contractor is not available.
7. In Transmission Mntce Gachibowli, room is not available for SDE/JTO/TTA and furniture, chairs are also not available for the line staff.
